

IDS GmbH – Analysis and Reporting Services
33 good reasons for working with us.

Our broad understanding of our clients' business and technical needs is one of the key elements of our value proposition.

Save resources and improve your efficiency.

1

Our efficient managed service approach integrates into your workflows to improve product and process quality.

2

IDS offers economies of scale that bring you clear cost advantages.

3

Partnering with IDS allows you to concentrate on your core business: Our services relieve you of the daily grind and free you up to take care of your primary tasks.

4

Our expertise, personnel resources and IDS production platform put you in a position to deliver what your clients want, when they want it.

5

Our consistent, fully independent data, analyses and reports give you an objective basis for decision making.

6

We deliver early, so you have the time you need to draw the right conclusions from your customized reports.

Take advantage of preeminent products and tailored solutions.

7

Whether you need data management, risk controlling, performance analysis or reporting – working with us, as one of the largest providers worldwide gives you access to premium solutions for the financial services industry.

8

We cover a large investment universe, and you make your investment decisions with virtually no technological limitations.

9

We perform modeling and portfolio analysis, and we can read and interpret the results for you – either way, you benefit from our vast array of expertise.

10

IDS can pinpoint analysis results to individual positions, evaluate entire portfolios or aggregate results for portfolio groups.

11

We provide solutions targeted explicitly to your needs.

Tackle complex problems with our holistic approach.

12

IDS offers one-stop shopping for outstanding products and services – from simple connection of data interfaces to complex analysis and interpretation.

13

You benefit from fundamental synergies derived from our broad range of products and adaptable production depths.

14

IDS means flexibility: We implement your products and processes exactly according to specifications – platform-independent, with the best available systems – to continually improve your results.

15

We know the ins and outs of our customers' business, which is why we can comprehensively address your challenges with the necessary technologies and services.

Benefit from first-rate service, superior expertise and remarkable innovative drive.

16

Our financial competence is recognized – by clients and trade media alike.

17

All of our reporting services include consultancy with respect to the derivation and economic interpretation of your results.

18

You can count on the precise and meticulously vetted information supplied by our staff.

19

Our user-specific training sessions ensure smooth implementation of our products by your teams.

20

Our employees come from over 30 different countries and speak your language.

21

Academics from a wide variety of disciplines lend their profound expertise to handle even the most unique challenges.

22

IDS and our teams offer comprehensive know-how. Our services thus always meet your demands, as well as the ever-changing demands of a highly dynamic marketplace.

23

Our dedicated staff is keen on new challenges and ready to find creative, flexible and result-oriented solutions to your specific needs.

Like us, our clients know that a focus on core competencies is the key to ongoing success in an ever-changing landscape.

Ensure the security of your projects and processes.

24

Discretion, independence and trustworthiness are the core values at IDS.

25

Use our vast experience in implementing solutions to maximize the success of your projects.

26

Stable processes and our long-standing experience guarantee you optimum process and project security.

27

Point-to-point control and our business continuity management deliver the needed security and stability of critical business processes.

28

With our proven incident management, we identify and rectify any disruptions and problems, so you don't have to.

29

Our products and processes regularly stand up to review by our own experts and external auditors.

Team up with an experienced and reliable partner.

30

IDS has been in business since 2001 – with our rich trove of project experience, we are ready to generate excellent results for you.

31

Thanks to our history of continuous growth, you get an enterprising business partner that takes pride in building outstanding teams that join proven experts with creative young minds.

32

The respected names among our long-standing clients are proof positive of our know-how and passion to always find you the optimum solution to your specific needs.

33

As a wholly owned subsidiary of Allianz SE, you can be sure that we will be there for you as a reliable and enduring partner.
